PRAIRIE VIEW A&M UNIVERSITY PANTHERS

VS.

SOUTHWEST TEXAS STATE BOBCATS

Saturday, September 6, 1980

Northside Stadium, San Antonio

TODAY'S GAME:

Prairie View and Southwest Texas jump into the 1980 football season in a rubber game between the two schools. Both have won twice in the previous four meetings. The Panthers rolled to 45-25 and 19-7 victories in 1976 and 1977 only to have the Bobcats storm right back with two victories, 58-6 in 1978 and 38-13 in the season opener for both teams last year.

The Panthers finished on the bottom of the Southwestern Athletic Conference a year ago but first-year coach **Cornelius Cooper** is "very optimistic" about finishing much higher this year. Bobcat coach **Jim Wacker** guided his team to a fifth place tie in the Lone Star Conference a year ago and he, too, is looking for a higher finish this time around.

Tonight's contest could well be a battle won in the trenches.

Two key returnees to Southwest Texas' success are center **Kelly Monk** a 6-3 230-pounder who was all Lone Star Conference before coming up with a knee injury in the spring of 1979 and **David Bailiff**, a tight end turned offensive guard who may be the best blocker on the team. Bailiff is 6-3 and carries 243 pounds on that frame. Both are seniors and will share captain duties with linebacker **Charles "Bo" Burleson** and offensive tackle **Paul Thornton**.

In early practice sessions, Cooper called the Panther offensive line "a big asset to our team." Expected to catch everybody's eye is 6-6, 285-pound senior **Harold Norfleet** at offensive tackle. Norfleet was named to the NAIA District 8 all star team a year ago despite the Panthers lackluster record.

"He's a super athlete, one of the best pass blockers in the Southwestern Athletic Conference, a leader with lots of desire," Cooper said. One pro scout on a visit to the Prairie View campus last spring stood in awe and said, "He's the prospect we want right now."

Norfleet played both offensive and defensive tackle a year ago but this time Cooper said he's destined to toil in the offensive line exclusively. Giving Norfleet plenty of support in the offensive line will be tackle **Jesse Nelson**, **Dale Clark**, **Sammie August** and **Gerald Davis**.

On the defensive side Wacker said "the big question is whether we can balance our strength at linebacker and the secondary against our losses in the line and still be better overall on defense. Our defensive line is green, green, green."

The Panthers top defensive players could be **Milton Hall**, at end **Alvis Prince** at tackle, **Dwayne Houston**, **Kevin Sullivan** and **Clarence Phipps** at linebacker.

FACTS ABOUT

PRAIRIE VIEW A&M

LOCATION: Prairie View, Texas

PRESIDENT: Dr. A. I. Thomas

FOUNDED: 1876 by the 15th Legislature of the State of Texas

LOCATION: Prairie View, Texas (45 miles northwest of Houston on Highway 290)

ADMINISTRATION AND TYPE: A part of the Texas A&M University System.
A public state supported senior college. A land-grant college.

ENROLLMENT: 5,675

CAMPUS AREA: 1,400 acres

SCHOOL COLORS: Purple and Gold

CONFERENCE: Southwestern Athletic Conference

NICKNAME: Panthers

HOME STADIUM: Blackshear Field

CAPACITY: 6,000

OPERATION SUCCESS

Operation Success is based on the philosophy that each student admitted to Prairie View A&M University has the potential to succeed.

The complete education and experiences of the student at Prairie View A&M University are designed and implemented to help them keep the status to which they were born, namely: **THEY WERE BORN TO WIN!!! THEY WERE BORN TO SUCCEED!!!**

The University recognizes that many students, who are admitted, may have academic, social, cultural, vocational, economic or personal handicaps.

There are no students admitted, however, with handicaps which cannot be corrected so that the student can achieve success. The students do have the potential to succeed.

Operation Success is based upon the philosophy that the University will organize its human and material resources into such systems that will maximize the academic, personal-social, cultural and career awareness and vocational attainment of each student enrolled.

Operation Success is also based upon the philosophy that it is important for the student to enroll at the University, but *it is even more important that he or she graduates from the University with a variety of new experiences and high level achievements.*

ATHLETIC ADMINISTRATION

Join the Houston Police and start earning \$16,700.

If your present salary and career seem to be at a standstill, perhaps it's time to consider a move. Join the Houston Police. As a cadet, you'll start earning \$16,700 a year (based on average

earnings of the 1979 cadet classes). College and veterans' bonuses can boost earnings. With promotions, raises and incentive pay, you'll get even more with each passing year.

Plus excellent benefits like paid hospitalization and life insurance, generous vacation, holiday and sick leave are offered. And the Houston Police Department's retirement program lets you retire after 20 years and draw a liberal pension by age 50.

As an officer, your assignments will be challenging. There are 14 specialized divisions including one of the largest helicopter patrols in the nation.

Why Houston? Houston's booming economy and low cost of living are bringing 1,000 people per week into the city, and the present law enforcement body cannot keep pace. So, we are beginning a nationwide search for exceptional people. People who want to test their limits, strengthen their minds and learn new skills. People seeking a future that's growing as fast as Houston.

Call 1-800-392-2281. It just might change your life.

If you are at least 19 years of age and have a high school diploma or its equivalent, you can start a new career today and earn as much as some college graduates in the Southwest's most exciting city. For information about our cadet classes or an applicant package, call toll-free.

Or write Houston Police Recruiting,
401 Louisiana, Suite 601, Houston,
Texas 77002.

Wear the badge that means you care

"Dear Prairie View"

Dear Prairie View, our song to thee we raise,
In gratitude we sing our hymn of praise,
For mem'ries dear, for friends and recollections,
For lessons learned while here we've lived with thee
For these we pledge our hearts full of devotion,
To serve thee now, and through eternity.

As days go by our hearts will not grow cold,
We'll love they purple royal and thy gold,
We'll through our lives exemplify thy teaching
We'll always strive a blessing to be,
Thy children we our love and pride confessing,
We'll love thee now, and through eternity.

Words by O. Anderson Fuller
Music from "Finlandia" by Sibelius

SOMETHING SPECIAL

There's something special about Southwest Texas State University.

Maybe it's the picturesque southwest central Texas setting at the foot of the Texas Hill Country. Maybe it's the small town feeling of San Marcos, conveniently located between metropolitan Austin and San Antonio.

Or it could be the somewhat nostalgic "real college" atmosphere that prevails on the University's campus. From historic red-steeped Old Main, with its ivy-colored walls, to the Lyndon Baines Johnson Memorial Student Center, with its modernistic dome-covered plaza, you get the feeling that you are indeed on a college campus that's special.

Football coach Jim Wacker has called the SWT campus, "one of the most beautiful in the nation," and the crystal-clear San Marcos River which flows through the campus only yards away from the Jowers Center (home of SWT athletics) has become a haven for students and water enthusiasts from across the state.

It's not hard to see why SWT enrolled a record 15,924 students last fall, making the school one of the fastest growing Texas. And it's easy to see why SWT is called "The Progressive University with a Proud Past." With the late Lynlon B. Johnson, the 36th President of the United States, as its most famous alumnus, the "Proud Past" is obvious. A quick visit around the campus also reveals the "Progressive" stance taken by the University. More than 130 degree programs are now available to students.

President Lee H. Smith has been the guiding force behind SWT over the last six years. Dr. Smith, who holds a bachelors and doctorate from Texas A&M University, is a native of Dallas where he was noted for both his academic and athletic prowess. He played basketball at Texas A&M and is still an avid jogger ... and the biggest Bobcat fan of all.

While Dr. Smith has watched over the overall direction of SWT, recent giant strides in intercollegiate athletics have been made under the guidance of Dr. Allan Watson, vice president for university affairs and the school's principle administrator in charge of athletics. Dr. Watson, who also serves as SWT's institutional representative to the Lone Star Conference, the NAIA and the NCAA, has pressed for new facilities now under construction (noted elsewhere in the brochure), the harmonious consolidation of the men's and women's athletic programs under a plan which has been studied as a model by other schools, significant budget increases, additional personnel, membership in the NCAA and a greatly-expanded development program.

The development program, via the Bobcat Club organization, has resulted in the formation of Bobcat Club chapters not only in San Marcos, but also in San Antonio, Houston, Austin and Dallas. Contributions from outside sources for support of the athletic program have more than doubled in the last two years.

For information on admissions and academic programs contact: Admissions and School Relations, Southwest Texas State University, San Marcos, Texas 78666.

NCAA serves nation's schools

Progress and growth have become familiar companions for the National Collegiate Athletic Association during its first 74 years as the major governing organization for intercollegiate athletics in the United States.

A call for stricter control of college football by President Theodore Roosevelt because of the violence in the game brought together 13 institutions in 1905, formulating the original communications base for college athletics.

This initial body called itself the Intercollegiate Athletic Association and was officially constituted March 31, 1906. In 1910, the name was changed to the National Collegiate Athletic Association.

Seven progressive decades have molded this original 13-member body into a membership today of more than 860 colleges, universities, conferences and affiliated organizations.

Administration and rules interpretation occupied early efforts of the organization. Shortly after World War II, the NCAA adopted legislative and executive powers, changing its function into one dealing with virtually all issues concerned with intercollegiate athletics.

Service first

Many things have become associated with the NCAA during its colorful history. Highest priority goes to the service it provides to more than 860 members, acting as the true "voice" of college athletics today.

Each January the NCAA membership comes together at the annual Convention to review, propose and amend legislation. The Convention presents the opportunity for the nation's institutions of higher learning to speak and act on athletic matters at the national level.

Walter Byers
Executive Director

William J. Flynn
President

James Frank
Secretary-Treasurer

Acting in the best interests of its membership, the NCAA strives to perform these specific functions among its many other responsibilities:

- Conducts 43 annual National Collegiate Championships in 19 sports for three separate divisions. Three championships (Division I, Division II and Division III) are held in baseball, basketball, cross country, golf, lacrosse, soccer, swimming, tennis, outdoor track and wrestling. Two championships (Division I and Divisions II-III) are staged in gymnastics and ice hockey. Fencing, skiing, indoor track, volleyball, rifle and water polo hold single National Collegiate Championships, while football is contested in Divisions I-AA, II and III. The National Collegiate Championship dates back to 1883 in tennis; and during this 98-year history, more than 85,000 student-athletes have competed in these events, with more than 11,000 earning the coveted title of "National Collegiate Champion."

- Maintains 14 rules committees to formulate, copyright and publish rules of play for the government of collegiate

sports. Members of these and many other committees are elected by representatives of member institutions at the annual Convention.

- Publishes "official guides" annually for nine sports through the NCAA publishing department.

- Collects, compiles and distributes the official statistics of college football, basketball and baseball through its NCAA statistics service.

Problem solver

- Conducts studies as a means of developing solutions to athletic programs.

- Represents the membership in legislative and regulatory matters on the state and Federal levels.

- Annually selects the College Athletics Top Ten and the Theodore Roosevelt ("Teddy") Award—the Association's highest honor.

- Administers an honors program which annually awards 80 postgraduate scholarships to recognize outstanding senior student-athletes who have excelled in the classroom as well as athletics. This scholarship was increased from \$1,000 to \$1,500 in 1975-76 and to \$2,000 in 1979-80. The program has provided \$1,360,000 to 1,152 recipients since its inception in the 1964-65 academic year.

- Promotes and participates in international sports planning and competition through membership in the United States Olympic Committee, Amateur Basketball Association of the USA, Track and Field Association of the USA, and the United States Baseball, Gymnastics and Wrestling Federations, as well as through NCAA-sponsored competition with Japan.

- Maintains more than 70 full-time staff members at its national headquarters in Mission, Kansas, under the supervision of Executive Director Walter Byers.

FOOTBALL and TEXAS...

An unbeatable combination

AND MORE

Football is the biggest sport in Texas, so you can expect to read about football virtually every month. But football isn't the only sport in the state, and each monthly issue of TEXAS★SPORTS provides the best in sports coverage in Texas—baseball, basketball, track and field, hunting and fishing—and more. Subscribe today. Please clip the subscription coupon and send it to us right away. You'll receive 12 monthly issues for the low price of only \$9.95—less than 83¢ a copy. You can't beat TEXAS★SPORTS.

And in
**TEXAS★SPORTS
MAGAZINE**
you'll find a lot of both.

COLLEGE FOOTBALL

Previews and profiles of Texas College teams, from the best to the worst, from the SWC to the TIAA, from the Lone Star Conference to the independents. Junior Colleges, too!

PRO FOOTBALL

Texas has two of the best teams in the NFL. Virtually every month, you will read about your heroes with the Cowboys and the Oilers. In the spring, we'll cover the NFL draft and discuss the prospects for the coming year. In the summer, we'll travel to the training camps and provide a complete preseason report. Then in the fall comes all the action.

HIGH SCHOOL FOOTBALL

Friday Night Heroes from the plains of West Texas to the Big Thicket, from the Gulf Coast to the Panhandle. In our big annual Football Preview issue, we'll give you probable district champs, state champs, and a look at the outstanding players. And from month to month, read about high school football in Texas, as reported by our 11 regional editors. In the summer, we'll name preseason all state teams, and in December, we'll pick the TEXAS★SPORTS' blue chip team.

You'll
catch all
the action
every month.

National Association of Intercollegiate Athletics

The National Association of Intercollegiate Athletics (NAIA) is a completely autonomous association, currently administering programs of intercollegiate athletics in 515 fully accredited four-year colleges and universities. The fundamental tenet of the NAIA is that intercollegiate athletics is an integral part of the total educational program of the institution. This belief is strongly reflected in the governing documents, activities and organizational structure of the Association.

PURPOSE AND HISTORY

Established in 1940 as the National Association of Intercollegiate Basketball, the NAIA (the name change coming in 1952) emanated from a "National Small College Basketball Tournament" inaugurated in 1937 in Kansas City Missouri. The conversion of the NAIB to the NAIA in 1952 included the expansion of the program to include national championships in golf, outdoor track and field and tennis. Football (two divisions), cross country, baseball and swimming were added to the ledger in 1956 and wrestling (1958), soccer (1959), bowling (1962-1978), gymnastics (1964), indoor track and field (1966), ice hockey (1968) and volleyball (1969) are the most recent additions. The initial purpose of the NAIA — to provide national championship opportunities to colleges and universities competing below the so-called "major" level — has indeed been well served.

NAIA organizes and administers all areas of intercollegiate athletics at the national level, including rules and standards, and district and national sports competition.

The NAIA clearly outlines its own responsibilities and those of its members: a sound athletics program, administered and controlled by those responsible for the administration of the college. This means direct supervision in the matter of caliber of competition, financing of the athletics program, and taking steps to assure that financial assistance is made available only through the institution and under the same general policies as aid to all students. In short, the basic premise is that the athletics program must be a basic component of the overall general educational process within the institution, and not an entity apart.

The NAIA encourages a broad program of athletic pursuits in its member institutions, and making the program available to the greatest possible number of students. The national organization aims at uniformity and equity in policies and practices through its district and national tournaments and meetings.

Eligibility rules in the NAIA govern all play in all sports recognized by the Association, not just post-season tournaments, and must be adhered to by all members, including members holding dual affiliation with other associations.

HOW ADMINISTERED

The principal governance body of the NAIA is the Ex-

ecutive Committee, composed of 11 persons elected by the membership, and the Executive Director (ex-officio). This committee is responsible for establishing policies and determining the overall direction of the Association.

The NAIA is organized into 31 geographic districts spread over the 50 states and including one Canadian member. Each district is governed by a District Executive Committee, the chief officer of which is the District Chairman. Representation on the District Executive Committee includes one committeeman for each three active member schools, or major fraction thereof, in the district: The District Chairman is elected for a three-year term by a vote of the active membership within the District.

The District is the basic unit of the NAIA. The District Executive Committee establishes a program of District championship events in the various sports. Individual and team District champions are certified to compete in Area and / or National championship competitions by virtue of winning the District event or by meeting qualifying standards established within the particular sport.

Women's Division — Effective August, 1980, the NAIA initiated championships and programs for women through its newly-established Women's Division. Ten championships for women will be offered in the initial year with planning and administration under the aegis of the ad hoc Committee on the Implementation of Women's Programs in the NAIA, chaired by Dr. Joan Warrington of Pittsburg State University KS, a member of the NAIA Executive Committee. The NAIA decision to offer competitive opportunities and championships for women followed two years of consideration by the membership and proposals developed by a committee on women's athletics.

MEMBERSHIP ELIGIBILITY

Any four-year, degree-granting college or university in the United States and Canada, fully-accredited by the member accrediting agencies or commissions of the Council on Postsecondary Accreditation, may become an active member. Institutions may become members of the NAIA at any time but schools sending in membership dues after the deadline of October 15 will not be considered as active members and will not be eligible to participate in District, Area and National events until the next eligibility reporting deadline following payment of dues. Those reporting deadlines are: October 15, February 1 and April 15.

OBLIGATION OF MEMBERSHIP

Member institutions must conduct their intercollegiate athletic programs to the standards of the regulatory Association in which they hold memberships, and the NAIA. They must pay the annual membership dues and be in support of the policies of the Association. Where institutional rules and standards are stricter than those of the regulatory group or the NAIA, those rules and standards of the institution are recognized and supported by the NAIA.

SWAC FOOTBALL PREVIEW

1980 COACHES PRE-SEASON POLL

Rank	Team (Firsts)	Pts.
1.	Alcorn (3)	43
2.	Grambling (4)	42
3.	Jackson	34
4.	Southern	33
5.	Texas Southern	17
6.	Mississippi Valley	16
7.	PRAIRIE VIEW	11

ALCORN STATE UNIVERSITY (Lorman, Miss.)

HEAD COACH: Marino Casem (16th year, 102-56-8)

The Braves are loaded and have adopted the motto "A Step Away." That's a step away from the NCAA Division I-AA national championship they are shooting for. If the Brave receivers can catch with consistency, Alcorn could mount a very serious bid to gain the national crown. The Braves return 10 starters on offense and nine starters on defense. Returning on the "Tunnell Defense" which allows no daylight are ends Wilathur Jackson and Jeffrey Smith, linebackers Tony Gibbs, Halbert Bearden, Dennis Campbell, Orrick Dixon, Steve Washington and Steve Johnson, tackles Melvin Brown, Sam Higgins and Robert Cole plus defensive backs Leslie Frazier, Mark Harper, Alvin Bailey and Elbert Foulkes. The offensive line has experience and depth. Returning are linemen Sam Johnson, Rod Yarbrough, Billy Griffin, Mitchell Edwards, Wendell Robinson, Andrew Jackson, Kelvin Gray, Anthony Taylor and Anthony Lockhart. Running backs are fast and strong led by sophomore Gregory Jones who had over 500 yards while scoring six touchdowns. Aubrey Bailey or Darnell Toy could fill another running back spot while Eric Bonner and Ray Vaughn also battle for a position. Quarterbacking's no problem with veteran Sherrod Green back. He'll get good support from James McFarland and Charles Walker.

GRAMBLING STATE UNIVERSITY (Grambling, La.)

HEAD COACH: Eddie Robinson (39th year, 281-90-12)

The biggest cliché in the Southwestern Athletic Conference is that "Grambling doesn't rebuild, they just reload." And the Tigers are loaded again in 1980 especially with offensive firepower. Starting off there is Mike Williams (Doug's brother) who had 75 completions for 989 yards and eight touchdowns a year ago. Thomas "Skipper" Ezell had 38 completions, 566 yards and five touchdowns and three other youthful signal callers are awaiting their turn. The running back corp will be led by Robert Parham who needs just 321 yards to break Tank Younger's school career rushing record of 2631 yards. Parham led the SWAC in rushing with 966 yards and was third in scoring a year ago. He has been named to the All Southwestern Athletic All Conference team the past two seasons. It's not an easy task to key on Williams or Parham, what with Kenneth Sampson (587 yards rushing and 123 receiving). Kenneth Jackson or James Taylor coming out of the backfield or receivers like David Butler, Edward Campbell, Mitchell Montgomery or Trumaine Johnson. The Grambling receivers are "tall, fast and able to outleap tall defenders in a single bound." The offensive line is a chief concern of Robinson but it will be anchored by 257-pound junior Louis Roseburrow, 265-pound senior guard Reginald Irving, 253-pound junior center McKary Jackson, 242-pound junior guard Fred Johnson and 275-pound tackle Dorsey Richard.

JACKSON STATE UNIVERSITY (Jackson, Miss.)

HEAD COACH: W. C. Gordon (4th year, 27-9)

Keith Taylor, the league's total offense leader and Larry Cowan, the conference's second leading rusher give the Tigers a solid nucleus of an offensive attack. Otis Brown, a sophomore is expected to fill the spot Perry Harrington (now with the Philadelphia Eagles) had last year. If so the Tigers offensive problems should be minimal. Buster Barnett is one of the best tight ends around and heads a list of outstanding receivers including Anthony Jenkins, Johnny Ray Brown and Carl Powell. The offensive line has lots of experience with three starters — Tom Rice, Derek Perkins and Kevin Hardy — returning for their final season. Michael Fields will have two years left. Perkins and Hardy were both named to the All Conference team a year ago. The defense was much maligned last season because of a lack of experience. With nine starters returning that's not a problem this year. The top defensive candidate is linebacker Larry Werts. He'll have to steady a young defensive front. Frank Thompson and Mike Galloway will be leading the charge. Derek McClannahan, an all conference performer a year ago heads up the secondary that like the defensive line is young.

SOUTHERN UNIVERSITY (Baton Rouge, La.)

HEAD COACH: Cass Jackson (3rd year, 11-11)

1980 is a "year of caution" for Jaguar followers. "For the first time since I have been at Southern, we will have a veteran offensive team. Not many seniors, but the young ones have no less than two years experience. The offense should be ready to con-

1979 STANDINGS

trol the football. The offense MUST carry the early load for we're in the unusual position of waiting for the defense to catch up," Cass Jackson said. The defensive losses of nose guard Ken Times, defensive backs Herb Williams and Neale Henderson would seem to indicate that this phase of Southern's game could experience a down year, but not necessarily so. "We have available talent but limited experience," Jackson laments. The top returnees are Brian Williams, all conference tight end and the No. 2 receiver with 518 yards. Other top returnees are defensive back James Davis, offensive tackle Ralph Williams, linebacker James Hooper, defensive back Brian Matthews and offensive guard Jerrell Franklin. The Jaguars return a veteran offensive line which averages 270-pounds per man. The major weakness is replacing eight starters including All Americans George Farmer and Ken Times and a seasoned group of down linemen.

TEXAS SOUTHERN UNIVERSITY (Houston, Tx.)

HEAD COACH: Jim Sorey (2nd year, 3-8-0)

The Tigers are expecting a much more potent offense this year than last season. "We expect to be more creative on offense than last year," said second year coach Jim Sorey. The inability to move the football and score accounted for more than a few of the Tiger problems. Perhaps the main problem was at quarterback where the team went through four during the season. All four return with some highly recruited personnel. Lance Courville, who led the team in rushing with 350 yards; Anthony Johnson, statistically the best passer of the four; Douglas Irvin, who saw limited action in six games and Jackie Hicks, who was injured part of last year and became a hardship case, all return. A veteran cast of runners including highly touted fullback Robert Thomas (225), Marion Morgan (185), Frank Avery (185) and Donald Allen (180) are hoping for an injury free season. The offensive line is anchored by center Tom Johnson (245) who could be one of the league's best. Guard Fred Davis (270) makes two the number of veterans returning. Among the top returnees on the defensive side are linebacker Calvin Ware, who led the team in individual tackles and Lee Harris, an all conference cornerback. The entire defensive backfield of Tony Ball and Harris, Mike Bolden at free safety and Marc Johnson at strong safety is a veteran group.

MISSISSIPPI VALLEY (Itta Bena, Miss.)

HEAD COACH: Archie Cooley (1st year)

The Delta Devils nickname is about the only thing unchanged as Mississippi Valley prepares for the 1980 season. When the gridiron was open it will be a new look, ranging from head coach, coaching staff, quarterback, offense, defense and attitude. The Delta Devils will be a young, regrouping team using mostly freshmen and sophomores. "I feel defense is the name of the game. We'll work on defense first and then expand to our offense, not that we will forget offense, but defense is our main concern," Archie Cooley said. Individual standouts include wide receiver Wally Wright, defensive tackle Phillip Darns, linebacker Dexter Hood, cornerback Hubert Owens, offensive tackle Steve Chapman, quarterback Lloyd Farmer, fullback Robert Powell, offensive guard Clyde Jefferson and freshmen Tony Baker and Landis Alexander. Overall the lack of depth will be one of the team's biggest weaknesses along with small offensive linemen, little and slow defensive linemen and not a lot of game-experienced players.

PRAIRIE VIEW (Prairie View, Texas)

HEAD COACH: Cornelius Cooper (1st year)

Cornelius Cooper has a solid foundation on which to rebuild the Panther football fortunes. There are 20 returning starters, 11 more lettermen and a host of outstanding freshmen from a banner recruiting year. Cooper welcomed back the top four rushers from a year ago in Howard Grand, Byron Holmer, Michael Weatherspoon and Darrell "Monk" Jackson. The receiving corp is strong too, with five of the top six receivers back led by second team All Conference Tommie Dunson, the team's leading receiver with 21 catches and 414 yards. The leader in the trenches is senior Harold Norfleet, who has speed to go with his size (6-6, 285). There's help in the offensive line with tackle Jesse Nelson (250), Gerald Davis (230), Dale Clark (220), Everett Gary (250). The leader defensively is end Milton Hall "one of the top pass rushers in the conference." He led the Panthers with six quarterback sacks a year ago. Joseph James returns at the other end with Alvis Prince at one tackle spot and Dwayne Houston at linebacker. The secondary returns intact with seniors Robert Alexander and Andrew Winzer, sophomore Gerald Barnett and junior Elwyn Dean.
